

# PAR

## Liquid Fertilizer

### GUARANTEED ANALYSIS:

Total Nitrogen (N)	0.00%
0.00% Nitrate Nitrogen	
0.00% Ammonical Nitrogen	
0.00% Other Water Soluble Nitrogen (and/or) Urea Nitrogen	
0.00% Water Insoluble Nitrogen	
Available Phosphorus as (P <sub>2</sub> O <sub>5</sub> )	0.00%
Soluble Potassium as (K <sub>2</sub> O)	0.00%
Chlorine, not more than	0.00%

Derived from:

### General Information:

PAR is a specially and organically complexed product containing Calcium, Magnesium and Potassium in a no chloride, neutral pH, cationic solution. PAR nutrients are supported by the addition of electrolytic, humic, fulvic and other organic acids. PAR's cation balanced formula will improve the tilth and structure of the soil, improving water percolation and oxygen movement, reducing water logged soils and supporting root density.

### Rates of Application:

Cool season grasses: Apply 3-6 oz per 1000 sq. ft., repeat as needed  
Warm season grasses: Apply 6-9 oz per 1000 sq. ft., repeat as needed

**Caution:** Do not apply with less than 15 gallons of water for each quart of **PAR** to be applied. Do not apply with Copper unless the pH of the final solution to be applied is at least pH 6.50. Do not apply close to emerging seeds. Do not exceed more than a 2.0% concentration of **PAR**, in the final spray volume. Store safely in a cool, dry place, do not add any other materials directly to concentrated **PAR** during mixing or storage.

**Limited Warranty NOTICE:** Under most conditions, **PAR** can be applied as recommended; however, many contingent risk factors may exist and crop injury is always a possibility whenever foliar sprays are applied to crops. Manufacturer and seller warrants that this product conforms only to its chemical description as stated on the label only, and that this product is reasonable fit for the purpose stated on the label when used in accordance with the label directions and instructions under normal conditions of use. Neither this warranty of merchantability or fitness for a particular purpose, expressed or implied extends to the use of this product contrary to label instructions or under abnormal conditions or under conditions not reasonably foreseeable to the seller, and applicator assumes all risks.
