

# SIZER<sup>®</sup> XL

**Improve Fruiting Systemically With  
Totally Soluble, Available P and K**

- **Reactor patent:** 4724132
- **Molecule patents:** 7887616, 8088191, 8193119, 8207089, 8216972, 8221516, 5736164, 5800837, 5925383, 5997910, 6338860, 6509041, 10040046, MX: 20992

**SIZER<sup>®</sup> XL is 4 times MORE soluble and available to your plants than the closest competitor.**

## **4-20-22 Urea, Dipotassium poly phosphate and phosphite combination**

**SIZER<sup>®</sup> XL** is totally soluble, allowing it to work systemically throughout the plant. For crops, that is like getting a doctor's injection of pure Potassium and Phosphate to encourage consistent Fruit Set, More Fruit and greater SIZE fruit as well.

### **Powered by Unique Reactor Process**

The key to **SIZER<sup>®</sup> XL's** effectiveness is its unique and reacted molecule. Nothing else is this soluble and immediately available to your plants, during fruit initiation and the fruiting (reproductive) process.

### **(Solubility Determines Availability)**

**Application Recommendations:** For best results, apply from 2 quarts to 2 gallons per acre foliarly. SIZER<sup>®</sup> XL is compatible with most other tank partners, and has great crop tolerance to foliage and fruit.
